

## Press Release

Specialty Systems, Inc., an engineering and software consulting firm on Rt. 37 in Toms River has announced a program to help local restaurants through the Corona Virus crisis. The company is encouraging employees to order take-out meals from their local restaurants over the next 4 weeks and will reimburse each employee for half of \$400 in take-out meal costs to a maximum of \$200. Bill Cabey, Vice President reflected, "During the year, our local restaurants provide us wonderful food, enjoyable evenings and we are pleased to support them through this difficult time". With 75 employees, this program will provide \$30,000 to local restaurants. Emil Kaunitz, President said, "These restaurant owners and employees are both family and friends and deserve our support. I hope other firms can join in helping them".
