EVERYONE & EVERYTHING YOU NEED TO KNOW IN SECURITY

JUNE 6-8, 2017

INFOSECURITY - Europe's **largest and most comprehensive Infosecurity event** at Olympia, London UK.

With **18,000 industry professionals from over 80 countries**, **360+ exhibitors**, **8 conference theatres** all under one roof talking, learning, discovering and exploring business ideas and opportunities.

Whether brand awareness or lead generation, more than **35% of our visitors are budget holders** who anticipate an increase in spend with projects planned in the next 12 months.

As Jonathan Davies, CTO Pervade Software put it: **"This show is single handedly responsible for the largest chunk of our revenue last year and I am really optimistic that we are going to see the same repeat performance this year."**
