

Joseph Prusik, C.E.M.

**Manager – Energy Services (C&I)
PSE&G Renewals and Energy Solutions**

Joe Prusik manages delivery of PSE&G's commercial and industrial energy efficiency programs. Joe and his team focus on helping commercial and industrial customers decrease energy consumption and realize long-term cost savings with energy-efficient solutions, from equipment rebates and incentives to comprehensive energy management solutions.

Joe has been with PSE&G for nearly 30 years and during his tenure, he's been at the forefront of various energy-efficiency related initiatives including managing PSE&G's low-income weatherization program and implementing the PSE&G Solar Loan Program.

Prior to joining PSE&G, Joe was a commercial and industrial services project manager with A&C Enercom, a leading energy efficiency consulting firm.

Joe is a Certified Energy Manager and earned a Bachelor of Science degree in Industrial Engineering from Rutgers University and an MBA from Excelsior College.

Jim Friedl

**Outreach Manager DNV Energy Systems,
Contractor for PSE&G Business Energy Saver Program**

Jim Friedl is an Outreach and Marketing professional who has worked in the energy efficiency market for the last 15 years.

Prior to that he led marketing teams in the IT industry and worked within the commercial real estate market, introducing LEED guidelines, concepts, and project development to light industrial and commercial office space owners in Southern California.

Jim has a Business Economics degree from the University of California, Santa Barbara and an MBA from Santa Clara University.
